

POSITION VACANT

Assets Electrician

About the Role

TasRail are seeking applications from suitably experienced A Grade Electricians to join the Asset Management team based at our Launceston Depot. This position is full-time.

The primary objective of this position is to maintain and repair TasRail's electrical assets with a focus on rolling stock and potential to diversify with competencies in signals, plant and equipment, as well as Company facilities. Locomotive systems include a diverse range of electrical components, from PLC control systems to high voltage AC alternators and DC traction motors. The role ensures that these assets are maintained in accordance with the required standards.

Key Responsibilities/Accountabilities:

- Diagnose and remedy faults on train equipment and locomotives;
- Undertake preventative maintenance and/or repairs to all train equipment and locomotives;
- Modify existing train equipment;
- Operate and maintain workshop equipment;
- Operate computer equipment and input data;
- Perform routine clerical duties;
- Undertake all work in accordance with the relevant Maintenance Instructions, service instructions and test procedures as set down by TasRail or component manufacturer and any other specified technical documentation; and
- Under supervision, carry out the programmed and un-programmed maintenance of all signalling equipment.

To apply for this position you MUST have:

- Formal Trade Certificate (A Grade Electrical Licence) deemed by TasRail to be relevant to listed core tasks/competencies
- Current Category One Medical Assessment (or the ability to obtain) as per the National Standard for Health Assessment of Rail Safety Workers
- Current Drivers Licence (C Class)

How to Apply:

To apply for this position, please submit your application via our advertisement on SEEK, providing:

- Resume
- Cover Letter

Applications close 11.59pm on Thursday 29 July 2021

You will need to ensure you are able to meet and maintain medical criteria for a safety critical worker health assessment (Category 1) as prescribed by the National Standard for Health Assessment of Rail Safety Workers. The successful candidate will be subject to a pre-employment medical and a national police check.

We are an Equal Employment Opportunity employer and encourage people from diverse backgrounds to apply.
